Fall 2018

Dear Prospective Kindergarten Parent,

We at Integrated Learning Solutions (ILS) look forward to meeting you and your child as part of the Kindergarten admissions process. We are delighted to be working with several of the local independent schools in order to provide a school readiness screening and to streamline the process of your child's application to Kindergarten for the fall of 2019.

As part of our partnership with these eleven schools, we have worked closely with administration, admissions directors and Kindergarten teachers at each school in order to gain a solid understanding of their assessment goals. We have made every effort to ensure that the screening experience will be a positive and enjoyable one for your child. During the screening, your child will be asked to participate in a number of developmental tasks which will enable our experienced staff to observe his/her language and reasoning skills, motor skills, and visual and auditory processing skills. The screening will be individually administered by ILS personnel and will take approximately 20-30 minutes.

Screening appointments are offered throughout the month of January 2019. All screenings will take place at the offices of Integrated Learning Solutions, 2233 Huntington Drive, Suite 2, San Marino. (See enclosed calendar and map.)

To register, please visit our website, [www.integratedlearningsolutions.org](http://www.integratedlearningsolutions.org). The registration period opens September 15, 2018; a \$25 late fee is applied to all registrations made after December 15, 2018, regardless of the date of the appointment. Follow the registration prompts to select a convenient date/time for your child's screening appointment. If you have questions about the registration, or would like to speak with an ILS representative, please feel free to contact us directly at [info@integratedlearningsolutions.org](mailto:info@integratedlearningsolutions.org) or 626.568.8558.

Your child may participate in the screening only once during this admissions season and our office will make certain that each school you designate receives a copy of the results. For all regular screenings (not late screenings), results are dispersed to schools en mass in the first week of February, regardless of the date of screening. We will also mail you a copy of the screening results in mid-February 2019. We

believe the information will provide you with a valuable picture of your child's developmental profile at the time of screening.

ILS will participate in the Kindergarten and Elementary School Options Night at Westridge School on October 11, 2018. We encourage you to visit our booth! All of the screening details can be found on our website, and we encourage you to reach out to us with further questions. The meeting will be held from 6:00–7:30 p.m. and is for adults only. The evening will provide opportunities for families to meet the different school personnel and ask questions. Below is a checklist for your convenience.
